

GLOOMY DAYS OUT IN WYOMING

MR. LOSS TELLS HOW THINGS HAVE ALL GONE WRONG.

Like Stock Men Lost Their Cattle and Sheep in Blizzards—Can't Sell Irrigation Bonds—Plenty of Copper, but Can't Mine It Profitably, He Says.

C. E. Loss of Buffalo, Wyo., who is on his way to Europe, made a pessimistic report yesterday of things out in his State. Mr. Loss used to be in the cattle business, but he is now in land and mines. He says it is impossible to get money out there for anything.

"We have had a terribly hard winter in Wyoming," said Mr. Loss at the Wolcott yesterday. "and this has particularly affected the southern part of the State. It is estimated that the loss of sheep and cattle has amounted to 50 per cent. When the blizzards came the live stock was caught out on the ranges without any food. The sheep and cattle men thought that because there had not been a hard winter in a long time that there wasn't any coming and neglected to provide against such a contingency."

"The coal industry is a little on the kibbles because the Interstate Commerce Commission ruled that the Sheridan coal could not get the freight rate it had been getting to distant places, practically limiting its sale to a territory no further east than Rollins, Neb., and no further west than Billings, Mon."

"Then we are having trouble about our lands. It is difficult to get irrigation bonds taken up, for the reason that we can't get settlers. It is almost impossible to turn over such bonds. There have been so many millions of acres reclaimed by the Government and by private interests in other places that they seem to have gathered in all the settlers there were to be had. If we could get settlers we would have no difficulty in getting money for irrigation purposes. The lack of them has put a quietus on irrigation projects out our way."

"As for copper, we've a world of copper out in Wyoming, but the difficulty is we can't mine it and put it on the cars as cheaply as the copper trust. If we cannot do this for six cents a pound we are out of it. This sounds sort of pessimistic, I am aware, but I am giving you facts."

"The banks are lending money at 10 and 12 per cent. They could lend out \$15,000,000 on these terms just now if they had it to cattle and sheep men and those who have undertaken to promote enterprises."

"Or trouble is due to changes in conditions and circumstances and to the general situation all over the country. I am hoping for relief soon. On my way through the country to the coast I have been impressed with the strength of a feeling that seems to prevail generally that if Roosevelt were nominated for the Presidency he would be elected overwhelmingly. Why our way they look upon him as an idol and fairly worship him."

"The country I live in," said Mr. Loss, "is as big as the whole State of Connecticut. Buffalo is a town of 2,000 inhabitants, the biggest town in Wyoming that is not on a railroad. It is thirty-five miles from the nearest station. From May to December we have automobile stages. The rest of 'em time we have to journey in the good old fashioned horse stages."

Isn't it lucky!

Our youths' suits of Summer mixture fabrics are scaled down, just as our young friends get out of school and college and really need them.

Every youths' mixture suit in our stock is included in the revision.

Anywhere from \$1.00 to \$10.00 off the former prices—750 suits lost \$7.00, \$8.00 or \$10.00.

Four prices now include this whole stock.

\$1.50, \$1.80, \$2.00 and \$2.25.

Size 32 to 35 chest.

Men Should Be Anxious and Quick to Buy These Suits

Perhaps a million people will read what we write about these two hundred suits. They are not to be had in tremendous quantities even at regular prices. The hand-construction processes that produce them are necessarily slow and laborious. Therefore, surpluses are comparatively very small. The maker had only two hundred left. Suits that are as staple at \$25.00, \$27.50, \$30.00 and \$32.50 as sugar or salt are at current market prices.

They are to be \$18.50
Sold at.....

Made of worsteds in blue and black shadow and two-toned stripes—and black with white hairline stripes. When we tell you that one of the best firms of manufacturing custom-tailors fortifies these suits with their highest skill, you can make a mental picture of what they are. Sizes 34 to 44, regulars and stouts.

Men's \$1.50 and \$2.00 Shirts We'll Sell Them at 89c.

Men's Negligee Shirts, made of madras or percale, principally tinted figures and stripes on white grounds—a few in medium colored grounds—coat model, attached or detached cuffs. Many of them were made in our own factory. They are counted good \$1.50 and \$2.00 values; choice at 89c.

Boys' Suits Reduced

No need for us to tell you that the season for selling Boys' Suits is, in a sense, almost over. You are not buying many suits now for the boys—and shortly you'll be buying fewer. Business will then be limited to selling this or that to fill in the outfit of youngsters who have been tough and rough on their clothes. Therefore, we'd better get rid of all suits that remain. They are reduced.

Sailor and Russian Blouse Suits, made of blue serge or cheviot mixtures, several models and styles, broken sizes. Were \$3.96 and \$4.96; now \$2.97.

Knickerbocker Suits, made of blue serge or mixtures, Norfolk, single and double-breasted models, full size trousers. Were \$5.94 and \$6.94; now \$4.96.
